Kökçü

Ufuklara yaslanmış yorgun dağlar sırayla
Çadırının üstüne doğmuş akşam yıldızı
Çıplak ayaklarının altında baygın yayla
Ey belâlı göklerin, mağrur dağların kızı.

Ne kadar nârînsin, güzelsin bilsen
Bak yorgun gözlerin kargında hayran
Belki dirilirim içsem elinden
Serin çam kokulu bir tasecik ayran.
