Hâfız Abdurrahîm Seydâ Dede'nin Hûzzam Kârı Natik'i

Evvelâ başla Hûzzam'a, varalun sonra Segâh'a
Müsteâr'a bulalun yol Evîc'e yüz sürerek
Nûş-i Arâk eylemeye yüzümüz olsun
Ederek biz de Nevâ'lar alalım yâri Nühüfte
Saralım bir gececik yâr gelicik vakt-i Sabâ
Bana bir nâgme Dügâh el, yerine göstereyim semt-i Hicâz'ı
Sana Şehnâz ederek savt-ı Hüseynî olur âsân
Ederek beste Acem'le bile Kürdî'de Terennümle
Asîrân ile ver bu dil-i Lepsak'a safâ
Yine Rast geldim o şûha
Bana bir nâgme Rehâvî ederek karşıma geldi
Dedim âğâze-i Nikrîz ile Sazkâr ile var Pencü'gette eyle karârı
Hele terk etme Beyâtî negamın eyle Arozbâr ile Gerdâniye'den
Perde-i Mâhûr ile kul vuslat için yâre rîcâ
Nedir âğâze-i Bûzrûk'deki icrâ-yı negamlar
Nedir ol Bûselik üstünde olan cünbûş-i demler
Nedir ol semt-i Nihâvend ü Nişâbûr'daki ahenk
Nedir iklim-i Sıfâhân'ın içinde çalınan çenk
Nedir ol Çârîgeh'in perdesine neyle varılmak
Nedir ol Kûçek-i rakkâs ile tenhâca sarılmak
Babatâhin'le görüştüm bana der ki esini eyle Muhayyer
Kokusu Sünbûle benzer sakınıp gaflete düşme
Bula-gör kendine ol Râhatü'lervâh ile bir nekre-edâ
Bana Uzzâl ile calderde neyi meclis-i meyde
Yine dilber gülerək oynayarak azmedelim zevk-i Hisâr'e
İşini kulma Hümâyyûn'a muhâlif, sözümü gûş ede-gör ey seh-i kışver
Seni Sultânîrâk nûşine vâkî edeyim kim,
Olasın böyle safâ ile o dem Bestenigâr'e, edesin yâr ile işret
Verelim biz de Segâh ile Hûzzam ile makâmâta netîce
Bitirip nekre bu fashımızı Seydâ
Sözümüz muhtasar olsun buluruz derde deîvâ
