Baharın zamanı geldi,  
Yavru ceylân gel gidelim,  
Yollarımız yeşillendi,  
Ceylân ceylân gidelim ceylân,  
Yavru ceylân gel gidelim.

Kolların boynuma uzat,  
Zulfünün tellerin düzelt,  
Avcıların yolun gözet,  
Ceylân ceylân kaçalım ceylân,  
Yavru ceylân gel gidelim.

Güzel gel aklımı aldın,  
Bir bakışla gönlüm çaldın,  
Aldatıp ferdaya saldın,  
Gelirim der gelmezlenir,  
Bilir halim bilmezlenir,  
Aman gel, gülüm gel aman aman.

Yâr-u cefa ussaka hep,  
Bu çevre ne bilmem sebep,  
Vande acep ol gonca leb,  
Gelirim der gelmezlenir,  
Bilir halim bilmezlenir,  
Aman gel, gülüm gel aman aman.

Gönüller kapıcı hercai zalim,  
Ne mahabbet bilir ne sevdâ bilir,  
Perişan eyledi biçâre halim,  
Ne teselli verir, ne vefa bilir.

Bir sevdâ geldi başıma,  
Elim varmıyor işime,  
Rahmın yok gözüm yaşına,  
Unuttun hercai beni,  
Kuzum beni, canım beni,  
Akşama beklerim seni.

Ne bakarsın süze, süze,  
Asla rahmın yok mu bize,  
Bivefasın gülme yüze,  
Unuttun hercai beni,  
Aman beni, kuzum beni,  
Akşama beklerim seni.

Suh-i sitemkâr söyletme beni,  
Canım isterse severim seni,  
Yeter oldu imtinan gayrı,  
Canım isterse severim seni.
