Beste: Suphi Ziya Özbekkan

Güfte: Ahmed Hâşim

Bir ganlı hazânın seherinde ısrâra ne hâcet yine bülbül  
Bil kalbinizin bahçelerinde can verdi senin söylediğin gül  
Savrulmada gül şimdi havâda gün doğmada bir başka Ziyâda  
Bil kalbinizin bahçelerinde can verdi senin söylediğin gül.

Hazân - son bahar  
Ziyâ - ışık
