1. 2.

Another version of this piece is presented in 351. The title *ğamm-fersâ* means 'grief dispelling'.

M a: the *prima volta* is followed by the term *mükerrer*.

Mb, H2 a: the internal repetition is indicated by the term *mükerrer*.

2) H2 b 2: 11-12 d has a dot above, probably indicating the point at which the written-out repetition of 1 begins.

H3 b 1 is followed by a vertical line, presumably functioning exactly as a bar-line.

3) Popescu-Județ 2 (307-8). 1 = ♩. Time signature 24 : 4.

M a 1: 10 cBd. The first repeat sign is reversed so that it appears that the *seconda volta* fragment is to be repeated.

Mb, H2 a: the internal repeats are omitted.
